

Lead Auditor – Project Manager (M/F)

CERTIFER is an international railway inspection, testing and certification company founded in 1997, expert in the mobility sector.

Our group, headquartered in Valenciennes (France), is present in ten countries with subsidiaries in Algeria, Australia, Belgium, Brazil, France, Italy, Spain, Germany, Austria, the Netherlands, China and Turkey and branches in the United Arab Emirates and Vietnam.

Specialized in the mobility & railway industry, we provide our testing, inspection, and certification services to vehicle and component manufacturers, rail operators, infrastructure managers.

The CERTIFER group acts as a Designated Body (DeBo) in different countries, as a Notified Body (NoBo) at European level and is also recognized as an Independent Safety Assessment Body.

In order to reinforce its Audit department in Brussels, CERTIFER is looking for an experienced Lead Auditor to carry out audits of Quality and Safety Management Systems in the framework of certification or other assessments projects.

Role and responsibilities

The Lead Auditor - Project Manager will be responsible for the realization of audits and for the project management of the corresponding certification/audit programmes: He/she will:

- ✓ prepare, perform and report field audits with the assistance of technical experts in the framework of:
 - the certification, according to the Railway Interoperability Directive, of railways constituents and subsystems (Rolling Stock, Infrastructure, Signalling)
 - the certification of entities in charge of the maintenance of railway vehicles (ECM)
 - the certification of quality management systems according to ISO 9001 in the sector
 - the assessment of safety management systems of Railway Undertakers and Infrastructure Managers
- ✓ take commercial and operational responsibility for contracts and audit programmes
- ✓ will participate in multi-teams and/or international assessment projects within the Company or the Certifer Group
- ✓ keep up to date with current national and European standards and legislation.

Key words: Audit, Certification, Railway, Interoperability, Safety, Quality, Quality Assurance, Maintenance, ECM, ISO 9001, European Directives, Railway legislation, Dutch, French,...

He/she will report to to the Senior Auditor Technical Manager - ECM & System audits.

We are looking for an Auditor/profile that :

- ✓ has a Master's degree or Bachelor's degree
- ✓ has a minimum of 5 years' experience in the field of management systems
- ✓ has knowledge of ISO 9001 and ability to conduct audits and write reports
- ✓ has preferably experience in transport sectors (railway, aeronautical, automotive, ...)
- ✓ is interest in the railway.
- ✓ has an analytical and synthetic mind.
- ✓ is bilingual French/Dutch and has a good knowledge of English.

What we offer

- ✓ Open-ended contract with extra benefits such as luncheon vouchers, insurance (hospital and pension), eco-vouchers, performance-related bonuses, telephone and internet subscription.
- ✓ Flexible working hours
- ✓ Company car or public transport offered
- ✓ 30 days holiday per year
- ✓ CERTIFER BELGORAIL SA is located next to Brussels Central Station (easy to get to)
